PROFILE SUMMARY

I am a motivated and adaptable professional with experience in web development, project management, and team leadership. Skilled in problem-solving, technical tools, and customer relations, I bring a strong work ethic, attention to detail, and a collaborative mindset to any role. I am eager to contribute my skills to dynamic teams and grow in diverse professional environments.

WORK EXPERIENCE

Celerity Studio

Web Developer

July 2024 - December 2025

- Built and launched scalable web platforms (celerity.studio, mixxi.ai) using Webflow, delivering modern, responsive, and conversion-focused UI/UX.
- Implemented backend functionality with Supabase for data storage, authentication, and real-time features, combining no-code workflows with custom logic.
- Integrated Memberstack for secure user access, membership management, and gated content experiences.
- Automated cross-platform processes using Make (Integromat) to streamline operations and reduce manual tasks.
- Enhanced no-code solutions with custom HTML, CSS, and JavaScript where needed to improve functionality, performance, and user experience.

Bea Motorparts and Accessories
